

THEIR BATTLES OVER

AND THE BLUE AND GRAY MET. AS BROTHERS.

GEORGIA'S GALLANT THIRD.

The Hawkins Zouaves Give Them a Rousing Welcome in New York City—Patriotism That is Broad and Deep—Brave Soldiers All.

It seems to have been a great reception given the Third Georgia in New York City by the Hawkins Zouaves of that city. The latter give the following account of the banquet:

The banquet was followed by a most earnestly waged, in which each side did its utmost, but there was no lack of hatred in the eyes of the contending warriors.

THE NINTH'S GUESTS.

This is the full list of the visiting members of the Third Georgia and the ladies accompanying them: Colonel Claiborne Sneed, Mrs. Sneed, Miss Lizzie Sneed, Miss Julia Starr, Miss Bessie Ballard, Miss Mary Jones, Major R. L. McWhorter, Captain S. H. Surr, Colonel W. F. Wynne, Captain W. E. Carswell, Captain R. G. Hyman, J. W. Lindsey, Captain W. W. Starr, O. C. McCabe, Dr. J. G. Anderson, Dr. E. H. Yancy, J. G. Gates, Commodore G. W. Dieter, Captain W. W. Bagby, Captain Walter A. Wiley, S. A. Harper and William M. ...

THE ADDRESS OF WELCOME.

In the course of his address of welcome General Hawkins alluded to the various occasions in which the Ninth New York and the Third Georgia had met on the field of battle and proudly acknowledged that the men of the Ninth always felt relieved when, after expecting an attack from the Third Georgia they found that it had been given up.

HE LOVES HIS WIFE.

Poor Mr. Thompson Would Die for His Truant Wife. He loves his wife better than his own life, but she won't live with him. The case is a familiar one, THE BANNER having given the full particulars while the case was in court. Mr. A. L. Thompson, of Greenville, S. C., married a maid of Athens. She left him, because her mother told her to come home, whereupon Mr. Thompson instituted legal proceedings. The case was decided in favor of the wife.

ADVICE TO MOTHERS.

Dr. Bigger's Huckleberry Cordial should always be used for children the gums, allays all pain, cures wind colic, and is the best remedy for the bowels. Try it.

CHILDREN CRY FOR PITCHER'S CASTORIA.

THE BRIDGE WORK

ON THE GEORGIA CAROLINA AND NORTHERN IS BEING PUSHED.

IT WILL SOON BE FINISHED.

How the Big Oconee Bridge is Being Built—The Masonry Work Going on Rapidly—July 1st.

The Oconee river bridge. It is being pushed right along, and it will not be long before the masonry is completed.

That is what the contractors, Messrs. T. L. and C. J. Houser, of Anniston, Ala., say.

And they are making every endeavor to get the work done in the least possible time.

But few people have any idea of the size of the bridge, or the immense amount of work it will take to complete it.

It will be one of the largest and highest of bridges, and in every respect thoroughly well built.

The work all along the G. C. & N. is considered by experts as the very best example of railroad building; and will serve as a model in years to come.

It is all solid and well done from end to end, and there is not a flaw to be found at any one spot.

This thoroughness is not confined to the grading alone, but is conspicuous in the bridge work as well, as a glance at the huge structure now building will show.

The Oconee river bridge, when completed, will be one of the finest structures of its kind in the country; the only wood used in the whole structure will be the crossties. The balance will be steel and iron.

Yesterday a BANNER reporter went down to the bridge and looked at the work being done.

The masonry is now going up rapidly and a large force of hands is at work on the west abutment is completed and ready for the superstructure.

The east abutment is finished, all except the coping and that will come from Lexington and be put on this week.

With these two abutments finished there will remain to be done the two large centre piers and the twenty-four smaller ones. That sounds like a good deal but when the work is pushed as it will be they will be finished in short order.

The contractors are now getting out the stone for these piers and when the work of erecting them is once started there will be nothing to delay the men, no waiting for material, everything will be done and done well.

The contractors stated yesterday that every stone would be in place and the work ready to turn over to the railroad on the first day of July. Then the work of putting up the iron and steel superstructure will commence.

That part of the bridge is now being made by the famous Edge Moore Iron Co., of Wilmington, Del., and made by them, may be counted as a fact.

The work in Wilmington is going on rapidly and the moment the masonry is finished the superstructure will be there ready to be placed in position.

The great bridge, eighty five feet above the river and more than eight hundred feet long, will be ready for the train, will be welcomed with royal ceremonies. The rumble as it crosses the bridge will be drowned with the enthusiastic shouts of thousands.

SUNSHINE IN THE HOUSE.

'I'm weary with work' the good wife sighed with a sigh.

'But after all,' she said, 'it's sweet to labor for those we love—' 'No wonder that maids will wed.'

A wise housewife lightens her toil and gladdens the home circle by her cheerfulness. But health is the first requisite, and her just prerogative.

Health follows the use of Dr. Hester's Favorite Prescription, which repairs the ravages caused by those peculiar diseases which afflict womankind. It enriches the blood, cures the cough, increases the flesh, prevents hysteria, nervousness and low spirits, and is a veritable fountain, or the price (\$1.00) refunded. Of druggists.

THE RAILROAD WORK.

Subscriptions Must Be Paid, Although Conditions Were Not Understood. McDONOUGH, Ga., April 22.—In the case of the Georgia Midland railroad vs. G. G. Weems, suit on note for subscription to original stock, a verdict was rendered for the full amount for the plaintiff for the principal, \$15,000, and interest, \$42.

AN ATTRACTIVE POCKET ALMANAC.

Combined with a MEMORANDUM BOOK advertising BROWNE'S IRON BITTERS, the best Tonic given ever. Drug and general stores apply at once.

WHAT THEY DID.

A Stranger Writes a Letter about Behaviors on the Campus. The following letter was received at the BANNER office last night. It is from a stranger in Athens, evidently a man of sense but one who is not familiar with the ways of college boys.

The BANNER is certain that there was no intention of being rude to a stranger or of wounding his feelings. It is a custom to yell here and there otherwise impress them with the idea that the student is still on top, but a custom which contains no lie will to wards the recipient of the masked favors.

IN NEW-QUARTERS.

REGULAR ARMY TROOPS TO BE SHIFTED TO NEW STATIONS.

EFFECT OF FORD'S DEATH.

Counting the Cash in Washington—Nebecker Induction Expensive—The Second Death in the New Congress.

WASHINGTON, April 22.—The most extensive movement of the regular army troops that has taken place in time of peace for many years will shortly be ordered by the war department.

All the regiments that have been at one station for four years and upward will be moved provided the appropriation will permit. The details will not be perfected until the secretary returns the latter part of the week.

As compared with the same period last year, the receipts at the internal revenue office are more than \$7,000,000 ahead of the figures for 1890, and this, too, in the face of the fact that the last congress not only reduced one-half the tax on plug and smoking tobacco, but abolished outright the special license tax on manufacturers and dealers.

On the other hand, however, some increases in the tax on spirits, beer, etc., were made.

Gen. Casey, chief of the bureau of engineers, continues ill, and on this account the Galveston harbor contracts cannot yet be awarded. General interest is felt in this matter for the reason that the work is to be of national importance.

With appropriations of over \$6,000,000; Galveston will in time have a harbor of adequate depth, and the commercial status of the whole southwest will be advanced when the bars are removed in entrance to that port.

Mr. Nebecker, of Indiana, who is to succeed Treasurer Huston, will arrive here Thursday to take charge, and the latter will leave a friend to represent him in the coming of the money. It is now said that it will require about two months to count the cash in the treasury. It is tedious business.

That Counterfeit. It is learned that a commission of treasury experts has been quietly appointed to investigate the counterfeiting that has been going on. While there has been less counterfeiting than in former years, that of more recent date is performed decidedly artistic and difficult to detect.

The new two-dollar silver certificates are among the swiftest to have lately been counterfeited, and in this instance it seems that the fellows did one thing that renders the note easily detected, though only by experts. In the extreme lower corner the word "Two" is spelled backwards, appearing on the bill as "oW". The letters are small, but it is ever that they are not apt to be noticed, while these counterfeiters are being circulated in the ordinary, everyday transactions of business. The ink used in the printing is also a shade darker than that of the government.

A Republican May Succeed Ford. The death of Congressman-elect Melbourne H. Ford, of Michigan, which occurred at his home in Grand Rapids, is the second fatality in the membership of the Fifty-second congress. To superstitious minds it is a warning that the death list in the incoming congress bids fair to be as great as in the one recently expired, and that was unusually large.

Though one of the youngest members of the Fiftieth congress, he was one of the most prominent. He was chairman of the special committee on immigration and took front rank among the tariff talkers of the house. He had intended to follow up his immigration work in the Fifty-first congress, but members of the Republican upheaval of the presidential year. Last fall he again made the race and defeated one of the strongest Republicans in western Michigan. The district (the fifth) is a very close one, and as Mr. Ford was the strongest Democrat in a Republican is apt to be elected to the vacant seat.

The fact is not generally known that Mr. Ford had been persuaded by many of his friends in congress from the north-west to become a candidate for the speakership, and he had determined to work quietly to that end, but did not intend to announce his candidacy until about the time of the meeting of congress.

COOLEY HAS SKIPPED.

But the Coroner's Jury Failed to Find a Verdict in the Case. Special to BANNER. LOWNEVILLE, S. C., April 21.—An inquest and "post mortem" examination was held over the body of Ed Anderson last night, who was shot and killed by D. K. Cooley on Saturday.

There was only one witness and he substantiated the facts published in THE BANNER of previous date, with exception that he did not see Cooley shoot, nor did he see the pistol. The jury, after being out about an hour, reported that they had been unable to find a verdict on evidence given in. The inquest was then adjourned until further evidence could be procured.

At an early hour this morning, Sheriff Mann was here to arrest Cooley, but upon searching for him, found him missing. He at once instituted search for him, and up to this time nothing has been heard of him.

The wound received by the negro was much severer than was thought at first. The ball, from a No. 33 Smith & Wesson, entered his right temple, penetrating his head.

Excitement is cooling down some, and no serious trouble is apprehended, although the negroes are at a fired heat.

This is another instance in which the fiendish attack on a small girl by a negro, was given its just punishment. Maybe they will learn that such outrages are not borne in South Carolina, and when one is perpetrated it invariably meets its punishment in the Palmetto State.

IT WAS GARBLED.

CLEVELAND SAYS MR. STEPHEN'S REPORT WAS EMBELLISHED.

HE DOES NOT RELISH IT.

The Supposed Interview Brought to Mr. Cleveland's Attention—He Desired to Treat Stephens Courtously—Stephens Should Be Careful.

NEW YORK, April 22.—Ex-President Cleveland was asked by a United Press reporter if Mr. Stephens' version of his conversation with Mr. Cleveland, and his statement of the latter's views on the silver question were correctly reported.

Mr. Cleveland said: "I have just read the report, and it seems to me, from my reading of it, that it has been generally embellished and expressions put into my mouth that were never uttered by me, but are expressions used by another gentleman who was present."

"While some of the opinions may be regarded as partly my views upon the subject of silver coinage, yet there are so many other expressions credited to me, that it would require considerable weeding out before supposed conversations could be strictly termed an accurate report."

"I see a good many people, and Mr. Stephens came to me as a visitor from a distant state. I desired to treat him courteously, but it is scarcely fair treatment to me that he should run off to a newspaper office and report my supposed utterances, and place me in a position as being interviewed by several newspaper men upon the strength of a garbled and embellished report."

The above was read over to Mr. Cleveland by the reporter, and the ex-president said: "That's about right."

Miss Susan Dickinson III. PITTSBURGH, Pa., April 22.—Miss Susan Dickinson, against whom grave charges are made by her sister Anna, is lying very ill with the grip at the Eagle hotel here. Her troubles with her sister have completely broken her down.

Many Towns "Go Dry." CHICAGO, April 23.—Municipal elections were held all over the state Tuesday. In the majority of cases the only issue was "license" and "anti-license."

To Be Barbecued. MONTGOMERY, Ala., April 22.—The Grand Lodge Knights of Pythias in this section here, will be tendered a barbecue by the local lodges.

Mr. Jas. S. Harrison, Columbus, Ga., says his wife had Dyspepsia for several years in its worst form—could retain nothing on her stomach. Dr. Holt's Dyspeptic Elixir cured her permanently. For sale by all druggists.

FROM ATLANTA.

What goes on day by day in the State Capital.

ATLANTA, April 21 (Special).—The W. & A. Commission was in session on a short time this morning. The Augusta interrogatories had arrived but Mr. Hill was not able to present and an adjournment until tomorrow was taken in consequence. Mr. Hill will be here then and argument will be begun. The lessees have the opening and the close. Speeches for that side will be made by Mr. Wright, Mr. Brown and Major Cumming in the order named.

For the State, Colonel Anderson will make the closing speech. The order of the other has not been fixed.

MOST EMINENT GRAND MASTER. General J. P. S. Gobin, most eminent grand master of Knights Templars of the United States, will be given a reception here tomorrow by the Grand Commandery of Georgia. Grand Commander Howard and a committee will go to Chattanooga to meet him. Then there will be a luncheon and reception at the Kimball and at night a luncheon and reception and banquet at the Ponce de Leon Commandery here. Many prominent Knights of other cities of Georgia will be here.

A FOUNTAIN. Capt. W. D. Grant has offered to give the city a \$5,000 fountain, to be placed in Marietta street near the corner of Broad. The city council has formally accepted the offer.

ATLANTA'S WAY. A few days ago Col. E. P. Howell, Mr. S. M. Inman, and other gentlemen who took a prominent part in raising the money for the Y. M. C. A. building, undertook to raise the \$10,000 needed to make complete that building in every detail. They adopted the same plan used to raise the money before, namely meetings of specially invited gentlemen at private houses. The first was held at Captain English's, the second at the Governor's mansion, the third—last night—at Mr. A. D. Adams. In these three meetings, \$9,400 was raised and the other \$600 has been promised.

The W. & A. Commission—A New Opera House. ATLANTA, Ga., April 22 (Special).—Col. Boykin Wright's argument took up all the time of the W. & A. commission today. He spoke three hours and has two hours more tomorrow. Judge Hall is absent on account of the illness of his daughter and the commission will not hurry argument, giving him the opportunity of hearing as much as possible of what his opponents have to say.

A NEW OPERA HOUSE. Work has begun on a new opera house being built on Edgewood avenue. It is to be small and run for cheap price attractions. This is taken here as an indication of a circuit of cheap price attractions in the south.

McBree's Wine of Cardui for weak Nerves. A severe cyclone destroyed two residences at Pittsburg, Tex. Mrs. Powell was fatally, and her daughter, Mrs. Burns, severely hurt.

The powder boat Kansas City, with a ton of dynamite on board, capsized and sank in the sound near New Haven, Conn. The crew escaped.

The Farmers' and Merchants' bank of Clarksville, Tenn., has resumed business. This is the first national bank that ever resumed after having passed into the hands of a receiver.

Along with her baby, and deserted by her husband of a year, Annie Levine, 30 years of age, leaped from the third story window of a Broome street tenement, New York, and was fatally injured.

On account of the failures of the railroads to make satisfactory rates to Brunswick, the grand lodge of the Knights of Pythias will be held elsewhere, either in Atlanta or Augusta or Macon.

Reports from Montana municipal elections show that the Republicans captured every city in which the party lines were drawn, except Butte, where the Democrats secured the mayor and a majority in the council.

THE ALTON BOYCOTT.

It Has Not Proven a Very Great Success as Yet. CHICAGO, April 22.—Members of the Central Traffic association and Trunk Line association, declare that the majority of the eastern lines, which have thus far refused to join the boycott against the Chicago and Alton, will swing into line in a day or two, and make the fight on that road practically unanimous.

What pressure has been brought to bear upon the lines in question to bring them into harmonious action with the majority is not known. In fact, the officials and friends of the Alton insist that it is all a bluff, and that there is really no change in the situation, except that the boycott is proving beneficial rather than detrimental to their road.

The western roads have decided to pay up all commissions to eastern agents due on February and March business, in order to stand even with the Chicago, Burlington and Quincy, and the Board of Railings has consented to allow this. The beginning of a rate slashing contest is hourly expected.

A Murderer Arrested. CHARLESTON, S. C., April 22.—Albert Ketchen, alias Mero, colored, of Savannah, a murderer, who has evaded arrest for two months, was captured by detectives at Mead's phosphate works, where he has been digging rock since the murder was committed. He was brought to the city and locked up to await the action of the Savannah authorities.

The Sherman Fund. NEW YORK, April 22.—The family of the late Gen. Sherman has at last been persuaded to permit a private fund to be raised among his old friends, which is to go entirely to his unmarried daughters, and it is expected that \$100,000, the amount proposed to be raised, will have been subscribed before the end of the present week.

The Banner Job Office.

NO. 13 NORTH JACKSON ST. (BANNER BUILDING).

Why You Should Patronize the Banner Job Office.

When one has work of an artistic nature to be executed, he naturally carries it to the very best artist convenient. Of course, an expert workman and skilled mechanic has the latest and best machinery to enable him to accomplish the most satisfactory results. No one wishes to patronize a workman who does not keep abreast with the improvements of the day, for it is an impossibility for him to turn out a novel and artistic job. In printing, styles are constantly changing. Type faces that were popular last year, are now rarely used. Better effects are seen by the most casual observer.

OUR TYPE FACES ARE ALL NEW.

In THE BANNER Job Office there is to be found the largest selection of new and artistic type in Northeast Georgia. If you have a Poster as large as a newspaper to print, and want it executed in an attractive style—in a style that will "catch the eye"—THE BANNER office is the place to have it printed. If you have an invitation card that you wish to appear as if it were lithographed, send it to us. In
