

The Danger Period for the Nervous and Broken Down in Health is Rapidly Drawing Nigh.

PAINE'S CELERY COMPOUND.

Banishes all Symptoms of Diseases and Nourishes the Nervous System.

Paine's Celery Compound has saved thousands of people from nervous prostration and collapse brought on through sleeplessness, weakened nerves, and impoverished blood.

This is the time when nervous debility and nervous prostration begin to manifest themselves.

If there is mental depression, loss of energy, lack of vivacity, dullness of the eyes, blanched cheeks and lips, confusion in the head, defective memory, love of solitude—all these are direct indications of coming nervous collapse.

There is a line of gendarmes about the city to prevent people from ascending Mont Pelee on account of the danger.

REPORTS HEARD FOR MILES. Mont Pelee Strikes Terror to Inhabitants of Neighboring Islands.

Kingstown, St. Vincent, Saturday, June 7.—During the eruption of Mont Pelee, island of Martinique, yesterday morning the detonations were heard in the neighboring islands and heavy clouds of smoke issued simultaneously from Soufriere volcano, terrorizing the inhabitants.

The island of St. Lucia was obscured by dust to a distance of 8 miles and a steamship experienced difficulty in finding the harbor of Castries.

At 2 o'clock in the afternoon of Friday pitch darkness prevailed here.

KILLED WOMAN FOR GOLD. Shocking Crime Is Charged to Boy at Harrison, Tenn.

Knoxville, June 9.—George Batley, a handsome lad of 14 years, is under arrest at Harrison, 40 miles from this place, charged with the murder, for her money, of Mrs. Lucinda Batley.

She was 65 years of age and a respected widow, who lived 1 mile north of Harrison alone, hearing, it is said, a considerable sum of money which she had accumulated during the past few years.

Young Batley was arrested for the crime at the instance of a coroner's jury, which ascertained that he had been seen near the home of the deceased shortly before the tragedy.

The old woman was found in a dying condition by neighbors shortly after she had been assaulted with a blunt instrument, supposed to have been a bar of iron. Her skull was fractured in seven places. No other motive than robbery can be conceived for the alleged deed of the boy.

TWO HIGHWAYMEN KILLED. Attacked Hunter With Clubs, but He Was Too Quick for Them.

Des Moines, Ia., June 9.—It is reported today from Talmadge, 40 miles southwest of this place, that two unidentified men, alleged to be highwaymen, were shot and instantly killed by Claude Bristol, of Cawker City, Kan. Bristol was hunting. He attacked the men springing upon him from behind a clump of bushes, attacking him with clubs.

He drew a revolver, shooting one man through the head and the other through the lungs. He says both were armed. He exhibits a wound on the back of his head, said to have been caused by the highwaymen.

AT LEXINGTON. Death of Miss Helen McWhorter Sunday.

News was received in the city yesterday of the sad death of Miss Helen McWhorter, daughter of Judge Hamilton McWhorter, at Lexington Sunday morning.

The death is unusually sad from the fact that Miss Julia McWhorter is prostrated from the effect of a stroke of lightning which struck near the residence of Judge McWhorter during Saturday's storm, severely shocked his daughter, Miss Julia, and killed a very fine carriage horse belonging to him.

Judge and Mrs. McWhorter's many friends here are sympathizing with them in their sad bereavement.

MONT PEELE AGAIN OBJECT OF TERROR

Fear'd That Martinique May Sink Into the Sea.

PEOPLE ARE PANIC STRICKEN

Unusual Aritation of the Waters Surrounding Island—Hundreds Again Seeking Passage to Other Ports. Have Appealed to Authorities.

Fort de France, June 9.—Excitement is renewed by the eruptions at Mont Pelee and the unusual agitation of the waters surrounding the island. Fear is expressed that Martinique may disappear like the island of Krakatau, in 1833, and that the outbreak on sea and land is but the prelude to the sinking of the island beneath the waters.

Hundreds are again seeking for passage to other ports and asking the authorities to provide them with homes elsewhere.

There is a line of gendarmes about the city to prevent people from ascending Mont Pelee on account of the danger.

RAILROADS RESPOND TO STRIKERS' CAUSE

Will Not In Anyway Handicap Great Strike.

STRIKERS ARE ENTHUSIASTIC

Many More Miners Have Gone Out on Strike and in Some Localities the Mines Are Being Flooded With Water—Women Assault Mine Boss.

Wilkesbarre, Pa., June 9.—The tightening up process which has been in progress since the anthracite coal strike began four weeks ago today continues. All classes of trades unions in the hard coal belt have taken a hand in helping the miners, and now the long predicted move of the railroads in the region has been made. The decision of these men at meetings held in different parts of the region yesterday to refuse to aid the companies in their fight against the miners has encouraged the strikers greatly.

At Freeland yesterday the railroad men of the Delaware, Susquehanna and Schuylkill river decided to refuse to handle the trains carrying deputies, coal and iron police or non-union men.

The Lehigh Valley company men met at the same time and will not handle soft coal that may be wanted to displace hard fuel, and yesterday the Delaware, Lackawanna and Western company employees protested against the hauling of soft coal and condemned the action of railroad conductors in acting as deputies.

It is reported that 68 men were taken into the No. 5 colliery of the Susquehanna Coal company at Nanticoke at 3 o'clock this morning. It is not yet known whether the men are to man the pumps or be placed on guard duty. The local union at Nanticoke has selected 50 of its men to act as special peacekeepers in the borough. The burgess has sworn them in.

Some of the engineers at Pittston who have been working all along did not go to work today.

Violent Cancer Cured. Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. WOMAN KILLED BY LIGHTNING. Same Stroke Also Inflicts Fatal Injury on Her Daughter.

Lithonia, Ga., June 9.—Saturday a heavy rain fell here, accompanied by lightning and thunder.

At Collinsville, a suburb, the family of G. W. Guinn, a prosperous farmer, were just finishing dinner when Mrs. Guinn stopped to the back veranda for a drink of water. A stroke of lightning killed her instantly, leaving not a mark upon her person, leaving not a mark upon her person.

A 15-year-old daughter, who was standing near the open door, was followed by the same stroke and is thought to be dying.

Mrs. Guinn was a most estimable woman, for years an active member of the Baptist church at this place. She was the mother of quite a large family, among whom are the Guinn brothers, two successful young merchants of this town.

G. W. Guinn, the husband, is a prominent farmer of sterling character whose hosts of friends deeply sympathize with him in his terrible affliction.

FARMS OF GEORGIA. They Number 224,691; Their Valuation is \$183,376,722.

Washington, June 9.—The 224,691 farms enumerated in Georgia on June 1, 1900, according to the census report on agriculture in the state, were valued at \$183,376,722. Of this value 25 per cent was in buildings. The value of farm implements and machinery was \$9,804,010, and live stocks \$35,200,697, making the total value of farm property \$228,374,637.

The total value of farm products of the state for 1899 was \$104,304,476, of which 17 per cent was in animal products and 83 per cent in crops, including forest products cut or produced on farms.

The total value of farm products exceeded that for 1899 by 25 per cent. The gross farm income for 1899 was \$92,148,676 and the gross income upon investment 40 per cent.

New Iron Bridge at High Shoals. Madison, Ga., June 9.—A committee of the county commissioners of Morgan and Walton counties and the ordinary of Oconee county met at High Shoals recently and perfected plans to erect an iron bridge over the Appalachian river at that point in place of the wooden structure that stands there now. The three counties intersect at High Shoals. An advertisement has been published for bids, and the new bridge will be built without delay.

How to Avoid Trouble. Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. LIVES LOST IN FIRE AT SARATOGA, N. Y.

One Person Dead and Seven Reported Missing.

PROPERTY LOSS OF \$300,000

Many Costly Buildings Went Up in Smoke, Among Them the Arcade Office and the Theater Saratoga—Fire Chief Injured.

Saratoga, N. Y., June 9.—One person was killed, one fatally injured, two others severely hurt and a number reported missing as the result of a fire here early today. The property destroyed was valued at \$300,000, with estimated insurance of \$175,000.

The dead: Mrs. Mable. The injured: Fire Chief Shadwick, badly burned about head; fatally it is feared. Mrs. Hart. Servant girl, name unknown.

The missing: Mrs. Owens. Mrs. M. C. Hart. Mrs. Ahern. David Howland and wife. Mrs. Morris. Miss Morris and Miss Ida Foster. Mrs. Mable, who was burned to death, was asleep in her apartments in the Arcade.

The fire started in the Arcade building on Broadway, and destroyed that building, together with the Shackelford and the Theater Saratoga, located in the Citizen's National bank building. That portion of the latter building occupied by the bank was damaged only by water. The contents of the safes and deposit vaults remain intact.

Fortunately there was no wind, otherwise the fire, which was in the heart of the city and not far from several of the largest hotels, might have developed into a general conflagration. By hard work the firemen succeeded in checking the flames and at 5:25 a. m. the fire was pronounced to be under control.

Chief Shadwick was injured in rescuing Mrs. Hart from one of the burned buildings.

The missing persons were tenants of the Arcade building. The burned buildings were occupied by offices and stores, among them being the post office, the Daily Saratogian, the Western Union Telegraph company, Saratoga and Boston Telegraph company, Merchants' Telephone company, Saratoga county treasurer's office and Theater Saratoga.

Deafness Cannot be Cured. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and this is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free. S. F. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

PARDON GIVEN LYNCHERS. Three of Them Receive Freedom at Hands of Governor Jelks.

Montgomery, Ala., June 9.—Governor Jelks has pardoned George Howard, Martin Fuller and John Streng, three of the four white men convicted in Elmore county of lynching the negro Robin White, and sentenced to 10 years in the penitentiary.

The negro and John Thomas had an altercation in which no harm was done. The theory of the people in Elmore is that Thomas misrepresented the affair to his neighbors and by that means raised the mob that did the lynching.

They sent in petitions with three or four thousand names on them asking the pardon of three of the men, and many delegations have besieged the capital.

John Thomas, the principal in the mob, was convicted and appealed to the supreme court, which affirmed the case last week.

There is no application for Thomas' pardon and the people of the county lay the blame on him. The three men pardoned had been in prison a year.

The case is famous as the only instance in Alabama where a white man has been convicted of lynching a negro.

Read It in His Newspaper. George Squab, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear wonderful recovery. This valuable liniment is for sale by all druggists.
